

THE BRIDGE

ORIGINAL PILATES TEACHER
TRAINING PROGRAM

PURE PILATES

Hello there!

Thank you for your interest in The BRIDGE—our Original Pilates Teacher Training Program. This unique program is dedicated to already certified teachers wanting to continue to learn and explore the original form of Pilates, Contrology.

PURE Pilates has for years been a hub for teachers around the world to come and educate themselves to the highest standards. Now you have the opportunity to immerse yourself into the exciting world of Contrology.

The Original Pilates Teacher Training Program is based on the teachings of my mentor Jay Grimes who trained directly with Joe and Clara Pilates. The PURE team and I are dedicated to preserving the original method to its purest form and growing a network of highly trained and skilled teachers that will keep the work of Joseph Pilates alive.

We are excited for you to join our family of passionate Pilates professionals and to offer you the skills to teach this life-changing method in its true form, as a corrective exercise, and change peoples' lives!

Susanna Foustok

Founder, PURE.

Who We Are

Founder of Pure Pilates, Susanna has been teaching Pilates for over 20 years. She began her journey with Stott Pilates in Oxford, completing their full certification in 2007. Her curiosity and passion for the method soon led her to explore classical Pilates, training extensively with some of the world's leading classical teachers.

In 2013, Susanna was accepted to study under Jay Grimes at Vintage Pilates in Los Angeles — a first-generation master teacher who worked directly with Joseph and Clara Pilates. She completed their master's program in 2014 and was invited to continue a mentorship program with Jay until 2016.

With a background in both contemporary and classical Pilates, Susanna has a unique perspective on the global Pilates landscape. This allows her to deeply understand the differences between the two approaches and, most importantly, help teachers bridge the gap from contemporary training to the original method.

Susanna is passionate about sharing her knowledge worldwide and has presented at Pilates conferences in Brazil, Finland, and Greece, among others. She remains dedicated to helping teachers refine their work and keep the method alive in its most authentic form.

"Susanna has amazing teaching skills, but most importantly she has completely embodied the method; and it shows in any exercise she demonstrates. Also she never steered away from the original method; never."

Why to Choose Us

The BRIDGE Program is a rare opportunity for certified Pilates teachers to immerse themselves in the original method with direct lineage to Joseph Pilates. Unlike larger programs, we limit our groups to just 10 participants, ensuring an intimate, focused, and highly personalized learning experience. From day one, you receive hands-on instruction, one-on-one mentorship, and individualized feedback to refine your movement and teaching.

Our lineage is pure—rooted in the teachings of Jay Grimes, who studied directly with Joseph Pilates. This means you're not just learning exercises; you're absorbing the true essence of Contrology, the way it was meant to be practiced and taught. This program is designed to deepen your understanding, sharpen your skills, and give you the confidence to teach with authenticity and precision on all the apparatus and on all levels.

Ever since I started the course everything started to make sense, and there was no longer any confusion! I am thankful to Susanna for being one of the gate keepers of this method. She sticks to the system and follows the lineage of her mentor Jay Grimes to every single detail.

No frills, just the original work!

Testimonials

"The Pilates Teacher Training that I have undergone this past year with PURE has been revolutionary to my view of the human body, its structure, function, and ceaseless capability to rehabilitate and correct imbalances through movement. I expected to come out of this experience with the ability to teach people Pilates. Instead, I'm starting a life-long journey into guiding people through this miraculous method developed by Jo Pilates and becoming part of the legacy to carry his work forward and preserve it for future generations. The work my fellow graduates and I will do will surely change lives!

Susanna passionately shares her in-depth knowledge of Joe's method with her students and ensures that each one digs deep within themselves to progress in their bodies and teaching. Susanna's voice encouraging me to reach, reach, reach further from my strong center will stay with me for the rest of my life."
